

WHEN I GROW UP I WANNA BE IN...

# SHIHAD

1988, four guys sat around Wellington High School jamming.  
They were Wellington High School Band B.

22 years on Band B announce the return to their original stomping ground as adults.  
This time they come with a name recognised by every New Zealander - **SHIHAD**.

Now after some 1200+ gigs, 8 albums and with more number 1's than any other band **SHIHAD** will return for a one-off gig on the 27th May at the Wellington High School Hall - the place New Zealand's most famous rock group was formed.

In August 2010 production started on a warts and all documentary on the band that formed when the members were just 16.

The film crew will be at Wellington High School to document this once in a career moment. Footage and audio will feature within the as yet untitled documentary.

**SHIHAD at Wellington High School May 27 is an All Age concert.**  
**Wellington High School 249 Taranaki Street, Mt Cook, Wellington**

Tickets for this once in a career event are limited and available from [www.shihad.com](http://www.shihad.com) from Friday May 6th  
Tickets also available from Wellington High School, Kapiti College & Onslow College Wellington from Monday May 9th
